The venue was perfect for us and the staff very willing and helpful. The facilities were great and it was very easy to have the bar there serving whatever drinks people wanted. All our guests were very impressed with the venue, in fact one said we should make a family reunion at the Distillery Room an annual event!

Janet

It felt like a high-end winery. It was lovely, light and spacious. Well thought out as a venue with friendly staff.

A brilliant Christmas party from start to finish. The team were incredibly attentive and accommodating, and the venue was a real highlight for our guests. We would highly recommend it for events.
